

**SPARE PART CHANGE FOR THE INTERAXLE DIFFERENTIAL IN BTTM
AXLES 1992 – 1994 UP TO SERIAL NO. 44081****1. Obsolete items:**

The following items are no longer available:

Input shaft 144-251-1910

Spider 143-331-1611

Retainer ring 91711-05200 (this is still available)

2 Superseding items

Because of the increased spline diameter in the current input shaft and spider, when replacing either of these items both the input shaft and the spider have to be replaced simultaneously with the matching retainer ring

Replacing items to be installed simultaneously:

Input shaft 144-251-3300

Spider 143-331-1900

Retainer ring 91711-05600
